

## LUCY DRAKE'S DUPLEXITY

The Story of a Scheming Friend

By CLARISSA MACKIE

I had stayed away from Quince Harbor for two months, and, although a small seaport is a dull place indeed during the midwinter season, I felt a longing to go down there in December and see how the cedar clothed bluffs looked with a snowy overdress. I wanted to see the steely blue of the bay under gray December skies; I wanted to hear the harsh cry of the gulls as they wheeled over the water; I wanted to partake of the delightful dulness of Quince Harbor in winter.

Now, Captain Barnabas Fish, my stanch friend and fellow fisherman, companion of many delightful excursions on and about Quince Harbor, had written me a most mysteriously worded letter, in which he hinted at his engagement to Miss Maria Weeks, with whom I had boarded when in the seaport, and suggested that a conversation with me would enlighten him concerning several rather problematical social questions.

"Lord bless you, Miss Telham, I was just wishing for you," cried Miss Maria, running down the walk to meet me. "You came in direct answer to my prayer."

I wondered whether it was not Captain Barnabas' unspoken prayer that had brought me, but I paid the stage fare and followed Miss Maria, who was staggering under the weight of my bags, into the warm house.

"How is Lucy Drake?" was my first tactless question, but I was interested in Lucy, who lived next door to the Weeks' house.

Miss Maria tossed her head as she arose from placing my bags on the floor. "So far as I know, Lucy's all right," she replied rather tartly.

"In the last letter you wrote to me you said that Lucy Drake was to be your bridesmaid. I observed as I removed my outdoor garments with Maria's help.

"Bridesmaid, indeed," she sniffed scornfully. "I'd ask her to be, and glad enough she was to accept, never having been so near the altar before in her life—not that way, I mean—and I even offered to provide the gown for her, pink silk with pink roses." Maria loosened my hair and brushed vigorously at the tangles. "Pink silk!" she repeated. "What do you think of that?"

"It would have been lovely," I murmured, "but tell me why she refused to act as—"

"She didn't refuse. She accepted, and the dress is all made and the bouquet is ordered from Smithville. The captain saw to all that himself."

"Tell me about it, Miss Maria. I shall never know until you do," I urged.

"There isn't much to tell, only Lucy has taken full charge of my wedding and is bossing everything. Miss Telham, she actually advised the captain to wear one of his old yachting uniforms and call it a marine wedding. She thought it would be something like the military weddings she reads about in the papers."

"And what does Captain Barnabas say?" I asked curiously.

"I thought he was kinder taken with the idea at first, but now Lucy has talked so much about it that he's tired of it. He doesn't know what to wear after all's said and done. Not being married before and getting the experience of having had a wedding is a great drawback." She sighed as she led the way downstairs.

"It must be," I murmured, wondering what questions the doubtful captain wished to put before me. "And so Lucy Drake will not be the bridesmaid after all," I said, disappointed at this outcome.

"Oh, yes, she says she will, and I haven't got any objection so long as she don't trim up the church so it looks like the bottom of the ocean. I reckon she'd like to have clam shells all up the aisle and an orchestra of those little fiddler crabs, with seaweed dripping all around. She even wanted me to have my wedding dress trimmed with dingle shells and seaweed."

"Lucy certainly is romantic," I observed soothingly. "Do let me see your wedding gown, Miss Maria, if it is ready."

"It's all done; it's here in the spare room." This spinster of forty-five years unemotionally led the way to the little bedroom that opened off the sitting room and prepared to show me her simple trousseau.

The wedding dress was of gray silk, pearl gray and almost stiff enough to stand alone. It was made simply, but I knew it would be becoming to Maria, who was plump and pink-cheeked, with soft brown hair and dark eyes.

"It is lovely," I said, kissing the bride to be on both pink cheeks. "Don't fret about Lucy Drake. I know it's going to be the loveliest wedding you ever saw!"

"I worried about it just the same, Miss Telham. I haven't told you all there is to it. Lucy has been teasing the captain to have Orville Beers for his best man. She's keeping company with Orville."

"Is the captain willing?"

"Mercy, no! Orville and him ain't spoke for twenty years. Seems he and the captain were both after the same girl in the days I mean, and Orville got her. Of course the captain got all over

it, only he's always been mad at Orville because he got the best of him. Orville's wife died last spring, and he's been after Lucy Drake. She hinted that she'd rather have a white silk dress because she could use it later for her own wedding."

When I was alone I could not resist hearty laugh at the thriftiness of Lucy Drake. She was Maria's age, but the difference in the two women was marked. Maria in her blunt, plain way seemed to behold her marriage to Captain Fish as the start of a new life, a life of congenial, affectionate companionship, with a placid happiness that should last them during the remainder of their half lived lives. Her love for the handsome old captain was sincere to the core. Her contempt for the foolish romantic notions of Lucy Drake was equally sincere. I was vexed at Lucy for intruding her notions in the midst of Maria's quiet little wedding preparations.

The wedding was set for Thursday evening, and because Maria's house was small and because everybody in Quince Harbor would expect to witness the marriage of two such popular persons, it was decided to hold the ceremony in the church. Captain Fish had ordered palms and white flowers from the Smithville florist to decorate the church.

In the meantime Lucy Drake darted in and out of the house her thin cheeks pink with excitement her straight fair hair flying wildly about. She was brimming over with a hundred suggestions to enhance the novelty of the occasion.

"You'll only be married once, Maria," she urged.

"I hope so," retorted Maria loftily. "Do as you please about your own wedding, Lucy, but leave mine alone, please."

"A double wedding would have been romantic," murmured Lucy regretfully.

"You and Orville settled it then?" Maria's eyes seemed to be relieved. I wondered if she did not harbor a small jealousy of Lucy Drake.

"Yes—look!" Lucy held out a thin scraggy hand and displayed on the third finger of her left hand a large amethyst ring. "It belonged to his first wife," she murmured sentimentally.

"I'll help you get up a big wedding Lucy," said Maria generously.

Lucy gave her a queer look. "You can remember what you said afterward," she said and turning on her heel walked out.

"What did she mean?" I asked.

Maria shrugged her plump shoulders. "I don't know. She's acted queer about this wedding business from the beginning. She told somebody that she had always said she would be married before I was and she would yet—I can't see how she's going to manage it."

Captain Fish asked my advice about the wedding garments he must wear and I answered him frankly, putting aside Lucy Drake's suggestion of the "marine wedding" and taking into careful consideration the time worn customs of Quince Harbor weddings of the past. Beyond that he made no allusion to any doubts he might have had concerning Lucy Drake and her ideas concerning weddings in general and his in particular.

Mother Goose Really Lived.

Mother Goose, whose name has been bestowed on many pantomimes, was a genuine personage, originally known as Elizabeth Foster. She was born at Charleston, in Carolina, and resided there until her marriage with Isaac Goose, when she became stepmother to ten children and went to live in Boston.

To entertain her charges Mrs. Goose used to invent stories in prose and verse, and these were in course of time collected by a Boston printer who married one of her stepdaughters. They were published in 1719 with the title, "Songs For the Nursery, or Mother Goose's Melodies For Children." The book proved a huge success, and Mrs. Goose was one of the lions of Boston until her death in 1757.—Exchange.

## A TOWER OF ROMANCE.

Canbury Once the Home of Many Literary Celebrities.

Historic London is rapidly disappearing, but now and then one runs across some relic of the middle ages that still preserves much of its original character. Such survival is Canbury tower, standing in one of the northern suburbs of London. It began life in 1360 as the country residence of the prior of St. Bartholomew. In more recent days it became the home in turn of many literary celebrities. Oliver Goldsmith lived there from 1762 to 1764, though the actual rooms that he occupied are uncertain. It was there he commenced "The Vicar of Wakefield." Another tenant at the same time as Goldsmith was Newberry, the bookseller, and it was in his rooms that the impious Oliver often took refuge from his creditors.

In the rooms generally reputed to have been inhabited by Goldsmith lived Washington Irving some time after, a period of his life which he described in his "Tales of a Traveller." Other interesting folk who lived there at different times were Samuel Humphreys, the author of "Ulysses," who died there in 1737; Christopher Smart, the "mad poet"; Dr. Johnson, of dictionary fame; William Hone, who wrote "The Everyday Book"; Woodfall, who printed "The Letters of Junius"; and Robert Horsfield, one of Pope's booksellers.

Canbury tower is now the property of the Marquis of Northampton, and an interesting romance is told of his ancestor through whom it came into his possession. In 1594 it belonged to Sir John Spencer, a lord mayor of London. He had a very beautiful daughter, Elizabeth, who was also a rich heiress. She loved and was loved by Lord Compton, but her father refused to sanction the match, so the lover had to resort to strategy. He dressed himself up as a baker's boy, called at the house and eventually left—with his lady love in his basket.

Sir John was furious and refused to see his daughter after the marriage, but a reconciliation was effected about a year after by that most cunning of women, Queen Elizabeth. She invited the angry baronet to become sponsor to an infant, whose mother, she declared, had behaved much as his daughter had. Sir John consented and then announced that he should adopt the son as his own. At this propitious moment the queen revealed her little plot and the incident closed in the time honored way by the old man "bless-you-my-childering" his son-in-law and erring daughter. It was through this child that the Marquis of Northampton inherited the tower.—Exchange.
